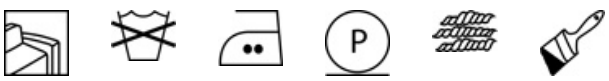
FERRIC - MASTICE

A17301-2

Environmentally sustainable and very resistant, Ferric is a celebration of simplicity and the sophistication of natural colors. The 10 colors are achieved thanks to a 100% natural dyeing that uses the oxidizing process of iron components in earth. Ferric is an ode to hemp, one of the most responsible vegetal fibers.

Ecosostenibile e molto resistente, Ferric è un inno alla semplicità e alla raffinatezza dei colori naturali. Le sue dieci varianti sono ottenute grazie a un metodo di tintura al 100% naturale che utilizza il processo di ossidazione delle componenti ferrose presenti in alcuni tipi di terra. Ferric è un'ode alla canapa, una delle fibre vegetali più sostenibili.

Éco-durable et très résistant, Ferric est un hymne à la simplicité et au raffinement des couleurs naturelles. Ses dix variantes sont obtenues par une méthode de teinture 100 % naturelle qui se sert du processus d'oxydation des composants ferreux présents dans certains types de terre. Ferric est une ode au chanvre, l'une des fibres végétales les plus durables.


COMPOSITION:	100%CA
USE:	NORMAL USE
WIDTH:	130 cm
WEIGHT:	470 gr/m
MARTINDALE:	12000 rubs
QUALITY CERTIFICATION:
